eSafety Commissioners web page

This page is full of helpful hints for parents & carers and has different information for the relevant ages to engage and learn how to be safe online.
There is a list of webinars available for parents & carers so they can educate themselves on what is important with their young person online and covers trends that we are seeing online.
We cannot do this on our own and we need the parents to do their bit also.

Take It Down.

Having nudes online is scary, but there is hope to get it taken down.

This service is one step you can take to help remove online nude, partially nude, or sexually explicit photos and videos taken before you were 18.

Sale Police are currently receiving several complaints from the community in regards to students from both Primary and Secondary schools within the area riding Scooters at a fast rate of speed. The Scooters are both foot powered and electric (e-scooters) they are being ridden around the Sale CBD, this is occurring around the school districts mostly after school finishes in Raymond Street, Raymond Mall and the Gippsland Centre.

There are several rules that govern the use of these scooters and where they can, and CAN NOT be ridden. I have attached the information from Vic Roads below. The fines can range in the hundreds of dollars for the offences. Can you please help to minimise the risk of injury to our community.

**Guthridge Primary School Buddies Program**

What a fun afternoon we have had with our buddies. We watched a mindfulness video and spoke about bubble breathing. We have been learning about 2D shapes in maths. Our buddies helped us to make different shaped bubble wands to experiment with.

We recorded whether each shaped wand was successful or not.
